

The Monon Railroad Historical-Technical Society offers the complete Bedford and Bloomfield branch 1915 Valuation Plan, with station overlays.

Using Google Earth images, we have overlaid the Val Pan, so you can see where the right of way went through.

This CD requires Adobe Reader 5.0 or higher.

The Google Earth images are for reference and educational purposes only, and may not be reproduced for purposes of redistribution or resale.

I would like to order the following
